OFFICE OF LIBRARY DEVELOPMENT
AND SERVICES
MINNESOTA DEPARTMENT OF EDUCATION

Services of the Office of Library Development and Services

The Office of Library Development and Services offers consultant, advisory and guidance services to librarians, library boards, public officials, and citizen groups interested in libraries and library development. The staff also administers the Minnesota program for public library development and multi-county multi-type library cooperating with state and federal funds appropriated for these purposes.

The Minnesota Library for the Blind and Physically Handicapped, located in Fairbault and serving eligible users throughout the state, is part of the office, as is the Interagency Resource and Information Center, located in St. Paul and serving staff in six government agencies.

Inquiries concerning services and programs should be directed to Director, Library Development and Services, 440 Capitol Square, 550 Cedar Street, St. Paul, MN 55101.

William G. Asp, *Director*	(612) 296-2821
Alan D. Lewis, *Assistant Director and Supervisor of Library Development*	(612) 296-2821

Minnesota Public Library Statistics 1987

Introduction by
William G. Asp and Janice Feye-Stukas

This issue of *Minnesota Libraries* provides data on the staff, activity, resources and expenditures of public libraries in Minnesota for fiscal year 1987. The data was compiled from the annual reports supplied by public libraries to the Office of Library Development and Services pursuant to Minnesota Statutes 134.31, Subdivision 4. Except in cases of obvious inconsistencies where changes were made after consultation with the libraries concerned, the information is published as submitted. Persons noting other errors should contact Jan Feye-Stukas.

Data for this report is stored in the computer of the Minnesota State Planning Agency Land Management Information Center. Space limitations prohibit publication of all the data collected. However, unpublished data can be provided at no charge upon request. A list of other data that can be provided appears at the end of the tables.

The Population Served

At the end of 1987, the number Minnesotans served by tax supported public libraries was 3,983,061 or 97.7% of the population. This increase comes from the addition of the people of Fillmore County, who now receive bookmobile service and access to member libraries from Southeastern Libraries Cooperating (SELCO), and the people of the city of Hokah who began a public library and also participate in SELCO.

Of the population served, 98.8% are served by libraries participating in regional public library systems. The .5 increase over 1987 is primarily as a result of the city of Grand Rapids and surrounding townships joining the Arrowhead Library System.

The number of public library buildings in the state remained the same at 339, although there are changes in what this number represents. Two new library buildings opened in 1987: the Maple Grove branch of the Hennepin County Library and the Hokah Public Library. The Medina branch of the Hennepin County Library was closed and the Jesse F. Hallett Memorial Library in Crosby was dropped from the list because it received no public funds in 1987.

The number of library administrative units remained the same with addition of Hokah and the deletion of the Jesse F. Hallett Memorial Library. These 135 administrative units consist of 14 regional library systems, 10 county libraries, 5 city/county contract libraries and 106 city libraries. The number of central headquarters libraries remained the same at 19 and the number of branch libraries remained the same at 217.

Use of Public Libraries

Use of public libraries again increased in 1987. Although data is collected on several measures of library use (e.g. library attendance, reference and directional transactions, in-library circulation, etc.), chargnd circulation is the only measure consistently collected and reported by all libraries.

Chargnd circulation in 1987 went up 3.45% to 33,880,110 or 8.5 per capita. This again is a record high. Since 1980, Minnesota's public library circulation has increased 38.9%. Increases in circulation were the greatest in the Kitchigami Regional Library system (up 14.5%); the SELCO area (up 5.4%) and in the Metropolitan Service Agency (MELSA) area (up 5.3%). Four of the regions in greater Minnesota showed slight decreases. Because these figures are still based on 1980 population figures instead of more recent estimates from the Minnesota State Demographer, the increases and decreases in per capita circulation appear greater than they really may be. Since 1980, there have been increases in the population of the metropolitan area and decreases in parts of greater Minnesota population. Decreases in the Lake Agassiz and Great River regional libraries may also be attributed to construction in and around the largest libraries.

Data from the libraries which did report some of the other activity measures indicate the following changes from the previous years: reference transactions, up 39.1% to 40,015,250;

library attendance up 36.5% to 9,172,900; and, library program attendance, down 25.9% to 871,078. This is only a decrease because of a huge increase of 56.1% in 1986. Library program attendance is actually up 15.6% from the number reported in 1985. All of these other activity measures should be used with caution because only 77 or 57% of the library administrative units report any numbers in these categories.

Public Library Collections

Users of Minnesota's public libraries have access to a very broad range of library materials, which include books, magazines and newspapers, records, audio and video cassetts, films, microcomputer software, as well as art and toys. The sum total of all library materials in Minnesota public libraries grew 2.4% to 17,066,351. Holdings increased the greatest for video cassettes which were up 48.5% to 40,090; microcomputer software which increased 36.4% to 5006; toys and games which increased 32.7% to 5836; film strips which increased 27.3% to 6083 and audiocassettes which were up 24.9% to 99,641. The number of periodical subscriptions increased 10.2% to 25,291. However, since subscriptions had dropped dramatically in 1986, this represents only a 3.5% increase over 1985 which was 24,427. Decreases of materials were noted for video discs which were down 12.9%; 8mm films which were down 9.2% and framed art which was down 2.2%.

The Sharing of Library Resources

Cooperation and sharing of resources between libraries in Minnesota continues to be strong. Even though the numbers are small in relation to overall circulation of materials, the ability of patrons to obtain the materials they need through their local library is an essential library service. Public libraries participating in regional public library systems may obtain materials for their users from other public libraries within their regional systems, and in some regions, from other types of libraries through their multitype library systems. On a statewide basis, materials in metropolitan public libraries and libraries of Twin Cities' private colleges are shared with public libraries elsewhere through the Public Library Access Network (PLANET), headquartered at the St. Paul Public Library. Materials in academic, public and some special libraries are shared under a contract for services of the MINITEX Library Network.

In 1987, interlibrary loan requests from public libraries totaled 224,344, which was an 11% increase over 1986. Of these requests, 80% or 180,548 were filled. Regional systems filled 129,931 or 58%; PLANET filled 21,338 or 10% and MINITEX filled 21,197 or 10%. Other sources filled 8,082 or 4%.

Special Services of Public Libraries

Specialized services for persons having special needs are provided by some Minnesota public libraries. The number of libraries providing specific special services increased again in 1987. The service that showed the greatest increase in the number of libraries involved was in the area of literacy. Eighty libraries now have some involvement compared to only 51 in 1986. The number of libraries providing services to correction facilities increased from 33 in 1986 to 47 in 1987. Library service to day care centers is now provided by 110 libraries compared to 79 in 1986. Community information and referral is now provided by 56 libraries. Library services in institutions such as hospitals, senior centers, and nursing homes were provided by 172 libraries, up from 151 in 1986.

Public Library funding

Public library receipts in 1987 totaled $72,290,375 which is a 4.1% increase over 1986. County and city funds continue to be the major source of public library financial support, accounting for 85.9% of the total. These funds increased 4.85%. State and federal funds provide 8.3% of the total and reflect a 4.6% increase from 1986. Miscellaneous sources provided the remaining 5.8% of income. Included in the miscellaneous category are receipts from fines and fees which provided 2.4% of the total; gifts, which provided 1.2% and sales from photocopiers, vending machines and sale of other items which provided 1%.

Local receipts per capital increased from $14.92 in 1986 to $15.59 in 1987. Local support remains highest in the MELSA area where local support per capital averaged $22.15, compared to $21.17 in 1986. For the remainder of the state, average local support per capita in 1987 was $9.07 compared with $8.66 in 1986. Receipts reported are for operating purposes only, and exclude capital projects which are reported separately. Also excluded are indirect receipts or inkind contributions, the estimated dollar value of services paid by cities and counties outside the library budget, such as the estimated value of utilities and space in city owned multipurpose buildings. Often it is difficult to estimate the value of these indirect receipts.

Libraries reported an estimated total of $3,188,799, an increase of 8.3% over 1986.

Public Library Expenditures

Operating expenditures of Minnesota public libraries in 1986 were $68,285,247, a 5.9% increase over 1986. Per capita expenditures for the population served increased from $16.23 to $17.14.

Personnel expenditures increased 6.23% to $46,363,776. However because of the increase in numbers of personnel, the actual increase per full time equivalent staff member was only 3.4%.

Public libraries expenditures reported for library materials increased 10.2% in 1987 to $11,064,496. Of this amount, $8,158,008 was spent for books, 9.7% increase over 1986. Periodical expenditures were up 7.3% to $1,045,072. Expenditures for audiovisual materials was up a dramatic 18% to $1,064,417 and now constitute 9.6% of all materials expenditures. Expenditures on extended access to other library materials such as on-line data base searching went up 21.7% to $322,876.

Expenditures on other items remained at about the same total level, although there were big changes in various categories. Expenditures on staff development increased 76% to $25,880. Expenditures on public relations increased 25% to $253,501. Postage expenditures increase 11.8% to $460,223. Delivery vehicles expenditures increased 9% to $270,487. Some of this increase is a result of the decrease in the number of bookmobiles operated. Arrowhead Library System, Great River Regional Library, and Lake Agassiz Regional Library all dropped one bookmobile in 1987. The other areas of greatest decrease in terms of actual dollars or percentages were building operations and maintenance which was down 4.9% to $3,473,396; audits down 67.4% to $39,888; and insurance which was down 6% to $378,915.

Capital expenditures increased 30.4%, primarily as a result expenditures on new facilities in the city of Cloquet, and in Hennepin and Anoka counties.

Public Library Staff

The number of full time equivalent (F.T.E.) staff in public libraries increased from 1,919.8 in 1986 to 1973.7 in 1987. Most of the increase in personnel, 38.7 F.T.E. or 72% of the increasse, occurred in the Twin Cities metropolitan area.

Arrangement and Content of Tables

The arrangement and content of tables is similar to reports in previous years. The summary table provides total for each regional public library system and for the unaffiliated public libraries. Totals for the state are shown in this table.

Library administrative units, headquarters libraries and branches are reported first in alphabetical order by system name, then by the name of the branch, in the case of consolidated systems, or by the name of the member library administrative unit. System totals are at the beginning of each section.

Again, all per capita amounts were calculated using population data from the 1980 census. For individual libraries and library administrative units, per capita amounts were calculated using the population for the governmental unit primarily responsible for financing the library.

Definitions of column headings, abbreviations and other terms can be found on pages following the tables along with the list of other reports which may be requested from the Office of Library Development and Services. Contact Jan Feye-Stukas for more information.

Definitions of Abbreviations and Terms Used

A-V & OTHER: Library materials displayed by visual projection or magnification or through sound reproduction, or both, including graphic material, audio and video material, films, filmstrips, etc.; and other materials including art, toys, games, sculpture, etc.

ATTENDANCE AT PROGRAMS: Attendance at library sponsored programs such as story hours, films, lectures, booktalks, workshops, tours, etc.

BOOKMOBILES. Trucks or vans especially equipped to carry books and other library materials and serve as traveling branch libraries.

BOOKSTOCK: Books in all formats, including bound periodicals and paperbacks.

Branch Libraries: Library service outlets which are administered from the headquarters of the regional, county or city library.

Central/Headquarters Libraries: The library which houses the administrative center of the regional, county, or city system and is where the principal collection is kept and handled.

CHARGED CIRCULATION: The number of library materials lent from the library's collection for use generally outside of the library. The items may be charged either manually or mechanically.

CIR. PER CAP.: Circulation per capita is the number of charged circulations divided by the population served.

HOURS OPEN PER WEEK: The number of hours that a public library building is open to the public per week during most of the year.

Library Administrative Unit: An autonomous library or library system which administers its own budget and has its own staff, materials, and physical facility(ies) in order to provide library service. The regional library systems, the member libraries of federated systems and the unaffiliated libraries are library administrative units.

LIBRARY EXPENDITURES: Funds expended and encumbered for all library operations.

LIBRARY RECEIPTS: Funds allocated to the library by various funding authorities.

INDIRECT RECEIPTS/EXPENDITURES: The actual or estimated dollar value of services provided by local governmental units which were **not** included in the library budget. An example may be funds paid directly by cities for library building maintenance and not included or accounted for in the library fund.

LIBRARY SYSTEM: As used in the Summary, this is a multi-county public library service agency that provides free access to all residents of the region without discrimination, is organized under the provisions of Minnesota Statutes chapter 134, chapter 317, or section 471.59 and is eligible to receive public library basic system support grants.

LOAN: The average length of loan in terms of weeks for the majority of items borrowed from the library.

LOCAL CITY/COUNTY: Amounts of funds allocated to the library by local governmental units (i.e. cities, counties or townships). These funds may be obtained by the local governmental unit from a variety of sources including but not limited to property tax, state aids, federal funds, utility revenues, etc.

LOCAL PER CAP.: Local per capita is the total amount of funds from local government sources divided by the population served.

MATERIALS (expenditures): The sum of funds expended and encumbered for all library materials provided to the public. This could include books, periodical subscriptions, all other print materials such as pamphlets, a government documents, etc., non-print materials including audiovisual and microcomputer software, art, toys, games, sculpture, etc., and extended access to library materials and information through on-line databases.

MATERIALS TOTAL: The total of all materials reported by the library. This includes books, other print materials, periodicals, microforms, audo and video disc recordings, audio and video

cassettes, 8mm and 16mm films, filmstrips, slides, multi-media kits, framed art, toys, games, microcomputer software, sculpture, and all other library materials.

NUMBER OF LIBRARIES: Indicates number of library buildings.

OTHER: Other expenditures and encumbrances includes funds spent on programs for the public, automated operations, conservation and maintenance of library materials, staff development and continuing education, office and library supplies, publicity, telephone and other communications, postage and freight, equipment and furniture (not Capital) purchased or leased, repair and maintenance of furniture and equipment, building operation and maintenance, bookmobile operation and maintenance, delivery and other vehicle operation and maintenance, insurance on buildings, contents and liability, space rental, audits, travel expenses, and other miscellanea.

PER CAP EXPENDITURES: Per capita expenditures is the total expenditures divided by the population served.

PER CAP MATERIALS: Per capita expenditure on library materials is the sum of all funds expended for library materials divided by the population served.

PERIODICAL SUBS.: Number of current periodical subscriptions in all formats.

PERSONNEL: The sum of funds expended and encumbered for library staff salaries, custodial salaries and fringe benefits.

STAFF - PROF.: The full time equivalent of all paid staff who have a Master's Degree in Library science and are working in a librarian's position. Full time equivalent (F.T.E.) is based on a 40 hour work week.

STAFF - TOTAL: The full time equivalent of all paid staff based on a 40 hour work week.

STATE AND FEDERAL: Amounts of funds received by the library system from state aid and federal Library Services and Construction Act Title I, both administered through the Office of Library Development and Services.

STATIONS: Examples are small collections of library materials located in corrections facilities, hospitals, nursing homes, senior citizen centers, day care centers, nursery schools, firehouses, etc.

SUN?: Is this library building open on Sunday? A "Y" indicates "Yes."

TOTAL (Receipts): The total of all funds allocated to public library services within the region, including local, state, federal and other.

TOTAL (Expenditures): The sum total of all library expenditures minus the amounts paid between libraries or fund transfers between library systems and member libraries. This does not include indirect receipts/expenditures.

UNION: The number of unions representing library staff if the library is represented by collective bargaining organizations.

SUBJECTS OF OTHER REPORTS THAT MAY BE REQUESTED

Customized reports that can be used for specific comparisons or analysis may be obtained. The public library data can be arranged in any order and is available for the following subjects:

Activity Measures (i.e. reference transactions, directional transactions, in-library circulation, and library attendance)
Audiovisual Materials by type
Branch Information
Buildings by size and type
Cable Involvement
Capital Receipts
Circulation correlated with other factors
Education Level of Staff
